Interiors that redefine the concepts of home.

Kira Krümm Interior Designer understands the expectations synonymous with a prominent lifestyle. Whether decorating an investment property or designing your new home, Krümm can transform any space into a showcase of distinction.

"The design process requires critical thinking and artistic vision. From concept to completion I will orchestrate every detail. I coordinate the project, hire the contractors and oversee the entire process. My clients seek style and sophistication. They want to spend their time pursuing their own interests, leaving their interior project in the hands of talented design professionals" says Krümm.

Creating unique environments that are truly customized and artistically planned is her company's top priority. Specializing in high-end sophistication, she concentrates on single family homes, condominiums and commercial interiors.

Kira's idea of success is to design environments that are aesthetically pleasing, emotionally satisfying and functional. She works closely with clients, devoting personal time to understanding their needs.

"Kira's background in art sets her apart from other designers I have worked with," said client Nancy Auramma. "Her attention to detail was phenomenal and she knew exactly what my husband and I were looking for after a few brief meetings. Professionally, she was easy to work with, well organized and always maintained a sense of being grounded. It's evident that she loves what she does. She was able to take every space and make it work.

Not only were the designs and furnishings elegant, but they were comfortable, too."

Utilizing her artistic sensibilities, Kira Krümm's classic interiors exude modern elegance. Her designs reflect creative innovation with timeless quality. Krümm's passion for travel brings personal and professional inspiration to her work through the art and architecture of many cultures from around the world. Her experiences enhance her unique and creative perspective. Her sense of style and exclusive concepts are fused with classic design, leading to a final product that will not only satisfy, but also intrigue.
