uncluttered interior inspired by classic Mediterranean architecture.

"The wife's primary design focus was to create a home for her family," builder Steven Watt says. "It's a very functional home. Private and shared spaces are appropriately staged — each public space opens up to another public space, with the transitions created by the

ABOVE & ABOVE CENTER: Designer Kira Krümm custom designed the dual-sided flagstone fireplace in the lanai, above. The foyer, above center, makes a dramatic statement with its sweeping double stairway.

ABOVE LEFT: Scrolled wrought-iron balcony railings, carved-stone corbels and an arched portico reference classic Mediterranean architecture.
