DESIGN SECRETS

MASTER SUITE: KIRA KRÜMM Soft shades of white are contrasted by metallics of platinized silver, bronze and pewter in the master suite, inspired by Kira Krümm's love affair with Shanghai. The room offers a strong play on duality with textured, organic elements as well as hard, clean-lined architectural materials. Geometric shapes emphasize balance and composition. *Showroom sources: Ann Sacks, Baker, California Closets, Elegante Hardwood Flooring, Glass Design International, Kira Krümm Interior Design, Kravet, PranáSleep, Ralph Lauren Home, RJ Thomas, Stark Carpet & Fabric, Walker Zanger Tile & Stone.* □
