PERFECT SCORE INTERIOR DESIGN/SINGLE-FAMILY ATTACHED HOME \$2.5 MILLION TO \$3.5 MILLION

BEST INTERIOR DESIGN/SINGLE-FAMILY ATTACHED HOME \$3.5 MILLION AND UP

SEAMLESSLY BLENDING CLASSIC DETAILS WITH FRESH, MODERN ELEMENTS ALLOWED Kira Krümm to achieve a striking balance of classical and contemporary styles at the Veracruz. Her lavish use of plush fabrics and finishes throughout resulted in a striking environment that is at once both sophisticated and welcoming. The project, which began as a newly built, raw space, was transformed by Krümm's vivid use of color in the family room and guest suites and perfectly complemented by the softer color palette introduced in the living and dining rooms and master suite. Krümm's layering of further unique design elements, including custom wall finishes and millwork details, flooring elements and accent lighting, brought elegance and individuality to the project and imbued the space with the unique personality and chic simplicity it now displays. The end result is a design concept that lends the space a unique personality, as well as elements of chic simplicity.
