

# Miromar Design Center's Dream Room winners announced

Miromar Design Center announces the award-winning interior designs of its Luxury Home Design Show Designer Dream Rooms. Attendees toured the one-of-a-kind rooms created with products and furnishings available in the stores at Miromar Design Center during the three-day Luxury Home Design Show. The public and interior design professionals voted for their favorite Dream Room designs.

The "Dune Dream Room" by Kira Krümm International Design was the Platinum Award winner. The unique, "coastal-chic" master bedroom showcased an exclusive new product line from the Kira Krümm Coastal Kollektion that blends penthouse panache with beach cottage charm and includes the "Khrome Wall," a collaboration with KSA Bahareque.

The Gold Award was presented to "A Blank Canvas" by Henredon Interior Design Showroom for its tranquil white sitting room accented with pale blue, gold and taupe accessories. White is an inspirational color, allowing the accents to address color, trends and seasons in the Dream Room featuring furnishings from Hickory Chair.

"The Pavilion" from Jardin de Ville was the Silver Award recipient. The tropical outdoor pavilion setting was an intimate and inviting space for entertaining or to simply relax and enjoy the outdoors. The Dream Room featured the Kabu Collection, which means "curve" in Japanese.

Miromar Design Center is the largest one-stop shopping destination for interior design in Southwest Florida. Forty-five home furnishing stores feature top names in furniture, fabrics, flooring, lighting, kitchen and bath products, art, accessories, and wall coverings. Visit the website at [MiromarDesignCenter.com](http://MiromarDesignCenter.com) for a complete list of stores and upcoming events. ■
