THROUGH EXPERIENCE IN THE GLOBAL market and knowledge of the international arts, Kira Alexis Krümm has qualities that far exceed industry standards. Krümm's passion for travel and international design has nurtured her creativity and exposed her to some of the most interesting cultures in the world. The designer's travels continue to enhance her unique and creative perspective, as well as broaden her professional experiences. She has lived in London and Florence and visits Asia, South America and Europe yearly. Krümm has traveled extensively throughout Eastern Europe, the Mediterranean, the Caribbean, Mexico, Central and South America, Asia and the South Pacific. Her career has developed on a global scale through an interest and commitment to international design. She has been recognized nationwide for designing successful high-end residential homes and commercial interiors, receiving many awards for excellence in design. Her work has been published nationally and will be published internationally in China in 2007. Krümm opened her first interior design firm in 1994 in Virginia Beach, Virginia before relocating to Naples, Florida in 2000. She then reopened her firm which is now located in the International Design Center in Naples. Krümm received her Bachelor in Fine Arts degree with a major in interior design from Virginia Commonwealth University. She continued her study in interior design, furniture design and architectural photography at the American College in London. Krümm is a licensed interior designer in the state of Florida and is certified by the National Council for Interior Design Qualification. She is also a member of the American Society of Interior Designers, the International Interior Design Association, the International Furnishings and Design Association, and is an Associate Member of the American Institute of Architects. ABOVE: The grand salon epitomizes the merging of two different styles, traditional and contemporary, that come together in perfect harmony with a soft palette of aqua, creamy vanilla, platinum and ebony.

ABOVE: The focal point in the master bedroom is the custom-designed headboard, which is comprised of individually upholstered squares set in a grid-like pattern. The headboard rests inside a custom-built ebony frame and is flanked on either side by a pair of rosewood panels with custom-built nightstands.

RIGHT: Mirroring the bed is a custom-designed entertainment center with plasma TV and built-in cabinetry. The floating shelves are accented by a contemporary stainless-steel track with movable, low-voltage light fixtures. These clean, contemporary lines are complemented by patterned rosewood panels that mirror the panels of the headboard.

FACING: In the formal dining room, linen-hued walls bring the artwork to life. Saturnia travertine stone flooring and cream-white wainscot paneling create a clean, sophisticated setting for entertaining at home.
