## KIRA KRÜMM'S KOASTAL DESIGN

Inspired by the natural beauty of places where land meets sea, one award-winning designer is back home and dedicated to redefining coastal design for luxury lifestyles throughout the Naples area.

**ABOVE:** As the living room's focal point, a glass mosaic tiled wall featuring a photograph by Jim Freeman, is flanked by tall, vertical mirrors atop a custom built-in bar. Twin oak nesting cocktail tables and armchairs in antiqued driftwood complement the gray washed oak flooring. Vibrant blue accents echo the pool beyond.

**LEFT:** Located just steps from the waterfront in Crayton Cove, the designer's new studio showcases decor from her signature product line, the Kira Krümm Koastal Collection that includes luxury bedding and accessories.

Interior designer Kira Krümm has been at the forefront of modern interior design for more than two decades. Establishing her firm in Naples in the early 2000's, Krümm quickly developed a solid reputation for creating award-winning lifestyle environments that are both inspiring and timeless. For the past decade, Krümm has been designing from her headquarters in Southwest Florida's Premier Design Center, but in 2017 the designer decided to bring her firm, Koastal Design Group – Kira Krümm & Co, "back home" to Naples with a beautiful new studio nestled in the heart of downtown Naples — blocks from City Dock in Crayton Cove. "We love that our studio is near the homes we design and we are back in the heart of Naples," Krümm says.

Koastal Design Group specializes in luxury residential and commercial interior design for renovation and new construction. The company embodies more than a design aesthetic; but a lifestyle philosophy that celebrates luxury and livability throughout all elements of the home.

Koastal Design Group's talented team is renowned for exceptional service and uncompromising quality, creating unforgettable interiors such as this 6,400-square-foot Old Naples beach cottage (shown opposite and far left).
