THE BEST OF BONITA TO MARCO
OCTOBER 2019 \$4.95

THE DESIGNER: SARAH ANDERSON
THE ROOM: COLOR-CONSCIOUS
 KITCHEN

What started as a small project in Naples for Sarah Anderson, principal of Designing Naples, quickly blossomed into an entire home renovation. To arrive at this bright and colorful kitchen, Anderson began by lowering the 16-foot-high ceilings to 12 feet, eliminating the space's former silo feel and appearance. Next, she removed all of the gold tones, allowing her to work with a white palette. Replacing the dark cabinetry and dated, yellowed flooring yielded another dramatic transformation. The result: A modern, cheerful kitchen that reflects the effervescent family that calls this charming residence home. (designingnaples.com)

THE DESIGNER: KIRA KRÜMM
THE ROOM: DREAMY, NAUTICAL
 BEDROOM

Kira Krümm, principal designer of Koastal Design Group – Kira Krümm & Co., loves to design bedrooms, or, as she refers to them, “private sanctuaries for dreaming.” Because this master bedroom is so large and features 13-foot-high ceilings, Krümm’s challenge was to showcase the space while keeping it cozy and interesting. Inspired by the island lifestyle on Marco Island, where the home is located, she selected a soft color palette with a balance of crisp whites, linen-colored walls, and deep blues. An oversized canopy bed, offset by shiplap wainscoting on the walls and oceanic art prints, turned the imposing space into a relaxing haven. (koastaldesigngroup.com)
